# TREES SHRUBS EVERGREENS

"Picturesque Effects  
Without Waiting"

*General Offices at Nursery Entrance*

Catalogue No. 27

SPECIAL  
SWAIN NELSON  
& SONS CO.

LANDSCAPE PRODUCERS

*Nurseries and Office  
GLENVIEW, ILLINOIS*

Phones { Chicago—Rogers Park 6620  
Glenview 87-88

## THIS PRICE-LIST

Cancels all previous editions, and the prices are for plants at nursery.

**Estimates.** We solicit the opportunity to estimate on all planting lists, giving full advantage of our best rates.

**Come to Our Nursery.** We encourage personal selection of trees or evergreens whenever possible. However, if this cannot be done, we will take special pains to make a suitable selection for you. Plants personally selected at the nursery will be priced according to value.

**Chicago Motorists** can reach the Nursery by following Sheridan Road to Dempster St., Evanston, Ill., then west on Dempster St. to Waukegan Road ( $\frac{1}{2}$  mile west of C. M. & St. Paul tracks), north on Waukegan Road to Glenview Road, then west half a mile to Nursery. Concrete roads the whole distance.

**Shipping.** Glenview being a suburb of Chicago, the greatest railway terminal in America, we can assure direct routing and prompt delivery. Safe arrival is guaranteed. Orders lost or damaged in transit will be refilled without charge if proper notice is given. Within certain distances we are prepared to deliver by motor truck or wagon. These deliveries, however, are matters for special arrangements both as to time for delivery and as to charges.

**Refurnishing.** The transplanting of a living plant like a surgical operation, always involves some hazard; 100% success is seldom attained. We will share half the loss by refurnishing new plants at half price.

**Boxing and Packing** will be charged for at cost of material used.

**Payments.** All accounts are due when bills are rendered, and payment is expected by the tenth of the following month.

**EVERGREEN MEMOS**

## EVERGREENS

The popularity of Evergreens is well merited, as they not only give style to every planting but they have the added advantage of being highly decorative throughout the whole year.

One does not always realize how long it takes to grow Evergreens, even in the nursery, and, consequently, how much growing time one can save by securing large Evergreens that would take years and years to grow; it is almost like adding years to one's own life. We therefore give the age and size together in this price-list. In all these years these Evergreens have been continually cared for and also transplanted several times, which gives them very compact root systems and well-formed tops. Consequently they stand the shock of removal to their permanent places with comparative ease.

Our stock of Evergreens is exceptionally fine and our well-selected plants are shipped with a ball of earth, carefully burlapped, and they may be safely planted almost any time of the year except July.

Personal selection of Evergreens at our nurseries is invited, and when selections are so made they will be furnished at current prices excepting in cases of special or unusual specimens, which will be charged for according to their individual value.

**TREES**

Trees are indispensable in landscape work and are planted for various purposes; as screens, for forest or park effect; as shade trees, and for the street row.

The large area in our nursery devoted to trees enables us to carry a very complete stock as to varieties and sizes. Our trees are priced according to the size of the trunk, measured the distance of the diameter from the ground, i.e., a 6-inch tree is measured 6 inches above the ground.

We give both the size and approximate age to demonstrate the great saving in time in buying the larger sizes.

Trees marked "B.B." are dug with ball of earth and burlapped.

Personal selection of the stock at our nurseries is invited, and when selections are so made, the stock will be furnished at current prices excepting in cases of special or unusual specimens, which will be charged for according to their individual value.

**TREE MEMOS**

## SHRUBS

An amazing variety of beautiful effects may be obtained by planting various combinations of shrubs. They should be considered from the standpoint of form, habit of growth, texture of foliage, and color of flowers and fruit.

We carry a very large stock of the various shrubs listed and the bushes are very full and vigorous with splendid root systems.

**Less than 5 shrubs will be sold at an advance of 20 per cent above the 10 rate**

**PEONIES**

There never was an old-time garden which did not have the Peony as one of its chief attractions. This queen of garden flowers never fails to produce a wealth of blossoms, nearly all of which are fragrant, and in color varying from deepest crimson to pure white. It rivals the rose in brilliancy of color and perfection of bloom. The flowers of some of the sorts attain gigantic proportions, often measuring 7 to 8 inches in diameter, with stems 2½ to 3 feet in length and sufficiently strong to support the blooms. Peonies should be planted in masses, with their colors separate, in order to get the best possible effect, but they lend themselves to any form of gardening and grow to perfection in ordinary garden soil.

In addition to their wealth of gorgeous blooms, peonies can be used for foliage effects, in place of low-growing shrubs.

## ROSES

Time-tested Roses are always to be depended on, therefore only a few novelties are here listed. We are sure these will be satisfactory.

## HYBRID PERPETUAL ROSES

Need little winter protection

\$1.00 each, \$9.00 per ten

White	Light Red
Clio	Capt. Hayward
Frau Karl Druschki	John Hopper
Pink	Marshall P. Wilder
Baroness Rothschild	Dark Red
Magna Charta	Fisher Holmes
Mme. G. Luizet	Gen. Jacqueminot
Paul Neyron	Ulrich Brunner
W. C. Egan	

## ABUNDANT BLOOMING ROSES

Need careful winter protection

White	Dark Red
Kaiserin Augusta	Baby Rambler
Victoria	
Yellow	Gruss an Teplitz
Rayon d'Or	J. B. Clark
Pink	
Mme. Caroline Testout	

## MISCELLANEOUS HARDY ROSES

White	Yellow
Rugosa Alba	Persian Yellow, Austrian
Sir Thomas Lipton (rugosa)	Briar
Pink	Dark Red
Conrad F. Meyer	Hansa (rugosa)
Rubiginosa	Rugosa rubra
Setigera	

## CLIMBING ROSES

Strong plants \$1.00 each and \$9.00 per ten

White	Pink
Multiflora	Dorothy Perkins
White Rambler	Light Red
Wichuriana	Tausendschon
Dark Red	Yellow
Crimson Rambler	Yellow Rambler
Excelsa	

## HARDY

To all lovers of flowers, the hardy perennials appeal very strongly because during the whole flowering season there is not a time when some of them are not in bloom and they reappear year after year, blooming freely and requiring very little attention and protection.

Our stock is very complete and the plants in fine condition. Strong clumps, at double single rates, can be procured of varieties marked\*.

### NAME OF PLANT

<i>Achillea roseum</i>	<i>Rosy Milfoil</i>
<i>Achillea ptarmica</i>	<i>The Pearl</i>
<i>Achillea Boule de Neige</i>	<i>White Yarrow</i>
<i>Aconitum fischeri</i>	<i>Azure Monkshood</i>
<i>Ajuga reptans</i>	<i>Bugle</i>
<i>Althea rosea</i>	<i>Hollyhock</i>
<i>Althea rosea</i>	<i>Hollyhock</i>
<i>Alyssum compactum</i>	<i>Dwarf Goldentuft</i>
<i>Anchusa dropmore</i>	<i>Dropmore Bugloss</i>
<i>Anemone Charlotte</i>	<i>Queen Charlotte</i>
<i>Anemone canadensis</i>	<i>Windflower</i>
<i>Anemone pulsatilla</i>	<i>European Pasque Flower</i>
<i>Anemone sylvestris</i>	<i>Snowdrop Anemone</i>
<i>Anthemis tinctoria</i>	<i>Yellow Chamomile</i>
<i>Aquilegia caerulea</i>	<i>Colorado Columbine</i>
<i>Aquilegia Hybrida</i>	<i>Long spurred Hybrids</i>
<i>Aquilegia canadensis</i>	<i>Amer. Columbine</i>
<i>Aquilegia chrysantha</i>	<i>Golden Columbine</i>
<i>Aquilegia haylodgensis</i>	<i>Haylodge Columbine</i>
<i>Arabis alpina</i>	<i>Alpine Rockcress</i>
<i>Armeria alba</i>	
<i>Armeria formosa</i>	
<i>Artemisia lactiflora</i>	<i>White Mugwort</i>
<i>Asclepias tuberosa</i>	<i>Butterflyweed</i>
<i>Aster alpinus</i>	<i>Rock Aster</i>
<i>Aster Beauty of Rudolphstadt</i>	
<i>Aster laevis</i>	<i>Smooth Aster</i>
<i>Aster novae angliae</i>	<i>New England Aster</i>
<i>Aster novibelgi</i>	<i>New York Aster</i>
<i>Aster subcaeruleus</i>	<i>India Aster</i>
<i>Aster tataricus</i>	<i>Tartarian Aster</i>
<i>Aster The Queen</i>	<i>White Aster</i>
<i>Astilbe Queen Alexandra</i>	<i>Hybrid Astilbe</i>
<i>Astilbe rubens</i>	<i>Red Hybrid Astilbe</i>
<i>Baptisia australis</i>	<i>Blue Wild Indigo</i>
<i>Bocconia cordata</i>	<i>Pink Plume Poppy</i>
<i>Boltonia latisquama</i>	<i>Violet Boltonia</i>
<i>Boltonia latisquama nana</i>	<i>Dwarf Pinkray</i>

# Landscape Producers

Designers and Makers of  
Gardens and Parks

Formal Garden  
at Lick Spring Hotel  
PRODUCED BY US

*Will it not  
pay you to  
enlist our  
services?*

Our force includes landscape advisers, trained in the best schools, experienced engineers, competent plantsmen and gardeners and active constructive foremen.

Trained experts will be sent to inspect, advise and estimate, upon payment of traveling expenses.

We have growing in our own extensive nursery, large evergreens, trees, shrubs and hardy flowers, which are purposely raised for making any type of garden, park or boulevard.
